VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

A project to replace the current contract has been concluded however due to the time that it takes to conduct a procurement exercise and the subsequent implementation period, delays have been encountered and have meant that a short extension is required to the current contract to ensure continuity of testing. This extension will be for a 6 month period from 01 November 2025.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

SNBTS require additional goods to ensure successful implementation of the new contract.

There is no provision to change suppliers as the test kits and equipment are linked and there is no substitution available across suppliers' platforms.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £1,800,000

Total contract value after the modifications

Value excluding VAT: £2,020,500
