## Participation

### Conditions of participation

1. The Authority has set a minimum turnover requirement for this project which has been set as £1,690,000 (based on 1.5x contract value) with a current ratio of at least 0.6 for either of the candidate's 2 most recent financial years.

For financial assessment the Authority will utilise financial assessment techniques in line with Cabinet Office information note PPN 02/13.

2. Acceptance of Contract Conditions and LBC Schedule of Amendments to JCT Standard Building Contract without Quantities 2016.

3. Case Studies

Could you please provide three case studies where your company acted as the main contractor?

At least one of these projects must demonstrate undertaking internal refurbishment works at a Grade II Listed building.

Each project should be comparable to the Rowley Way Estate Better Homes Internal Refurbishment Works in terms of:

- Scale (approx. 50 occupied residential properties)
- Delivery in accordance with a Heritage Partnership Agreement
- Value (£1.3m)
- Location (Grade II Listed Building)

For each case study, provide the following project details:

- Project title
- Project address
- Full name and registered address of the Employer

- Employer contact details (name, role, organisation, email, and phone number - references may be taken up)
- Form of Contract used (e.g., JCT D&B, JCT SBC, NEC ECC, etc.)
- Contract start and completion dates
- Contract Sum at award
- Delay/Liquidated Damages - whether any were deducted and total value
- Health and Safety - number of RIDDOR reportable incidents and near misses
- Disputes - whether any arose, how they were resolved (e.g., through adjudication, mediation, or other).

For each case study, you must also address the following qualitative evaluation criteria:

#### Assessment Criteria

##### 1. Project Delivery (50%)

Demonstrate your experience of delivering internal refurbishment works within occupied residential blocks, particularly on conservation or listed estates. Your experience must include:

- How you managed the overall project of internal refurbishment works for Better Homes and non-Better Homes dwellings
- How you managed access constraints and overcame any issues, with particular reference to access refusals or no-access properties
- How you managed your approach to resident communication, liaison, and minimising disruption in a live estate setting
- How you managed engagement with key stakeholders (including the client team, local authority, consultants, and neighbours and any others) throughout the contract period.

##### 2. Coordination of Works (10%)

Explain how you approached coordination of internal refurbishment works with other contractors carrying out intrusive refurbishment works. How were the works sequenced to minimise return visits and protect finished areas.

### 3. Quality Assurance (20%)

Explain how you ensured compliance with fire safety requirements when carrying out instructive internal works (e.g. fire stopping, reinstatement of service penetrations, working near risers). Your response should include a description of your quality assurance process and third party certification approach.

### 4. Resident Engagement (20%)

- Explain your approach to resident communication, resident liaison, and minimising disruption in a live estate setting.
- Explain how your engagement approach to any vulnerable residents or residents with specific needs (e.g. hoarding, mobility issues, translation) and how engagement was managed.
