Award of a contract without prior publication of a call for competition in the cases listed below

- New works/services, constituting a repetition of existing works/services

Explanation:

These are not part of a PCN currently and therefore cannot attract PCN funding. To ensure equity of service this is paid to ensure listed patients are offered the same services as those who are listed within a PCN practice.

While this does not fall under PSR direct award A traditionally, this is to show our rationale and transparency to GPs not under PCNs which would be the normal route to receive this funding.
