Description

Plymouth City Council is seeking suppliers to supply, deliver and install 4x aeration blowers as part of the upgrade works at the Leachate Treatment Plant (LTP). The upgrade is being undertaken to improve the operational reliability and efficiency of the plant's aeration system, which plays a critical role in the biological treatment of leachate.

The Environment Agency (EA) has stated that they require the aeration blowers to be replaced for quieter units to reduce the noise impact to residents in the adjacent housing development.

Total value (estimated)

- £245,305 excluding VAT
- £294,366 including VAT

Above the relevant threshold

Suppliers to be invited to tender

Maximum 3 suppliers

Selection criteria:

Pass/Fail Questions - Questions identified as PASS/FAIL will be evaluated on a pass/fail basis. Scored - Questions identified as SCORED will be evaluated using the Tender Scoring matrices ranked from 0 unacceptable to 5 excellent. Percentages allocated to each scored section can be found within the tender documents. Following an evaluation of Stage 1 submissions, the Council will shortlist a maximum of three (3) compliant submissions which achieve the highest evaluated scores in Stage 1. Only the shortlisted submissions will be invited to the ITT Stage (Stage 2).

Award decision date (estimated)

6 January 2026
