Description

PLEASE BE ADVISED THAT THE TOTAL CONTRACT VALUE IS £434,018.40 (inc VAT) AWARDED TO OLDHAM ENGINEERING LIMITED.

This contract was originally advertised as a below-threshold procedure. However, the procurement process followed the principles and procedural steps of an above-threshold open procedure, including publication on the Find a Tender Service and full compliance with transparency and equal treatment obligations.

Following closure of the tender and completion of the evaluation process, it became clear that the total cumulative value of the contract exceeds the relevant threshold. In recognition of this, and in line with best practice and procurement transparency, we are voluntarily applying an 8-day standstill period prior to contract award.

NTS are seeking a manufacturer to design and build a universal transport container. Additional supporting assets are also required as outlined in the specification and scope of work.

Contract 1. Provision to Design and Build a Universal Transport Container

Supplier

- [Oldham Engineering Limited](#)
