Award

Supply of donated eye tissue used for corneal transplantation and other surgery. Miracles In Sight Agreement

MOORFIELDS EYE HOSPITAL NHS FOUNDATION TRUST

UK5: Transparency notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-056067

Procurement identifier (OCID): ocids-h6vhtk-059923

Published 12 September 2025, 10:27am

Scope

Description

This notice is being created upon the urgency of procuring transplantable graft material for transplant surgery. Establishments must meet the UK, stringent Human Tissue Authority standards. In the UK, NHS Tissue and Eye Services usually provide routine graft to all service users within the UK. Regrettably, since February 2023, NHSBT no longer can provide Moorfields with routine graft material. We are requesting Miracles In Sight which is also a HTA approved establishment to provide us with further graft material in a backdrop of widespread tissue shortages.

Contract 1. Miracles In Sight Agreement

Supplier

- Miracles In Sight

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - technical reasons

This contract award is made under Regulation 41 of the Procurement Act 2023, which permits Direct Award without prior publication where competition is absent for technical reasons and no reasonable alternative exists.

Moorfields Eye Hospital NHS Foundation Trust requires the supply of human corneal tissue for transplant surgery. The number of suppliers worldwide able to meet the statutory and regulatory requirements of the UK Human Tissue Authority is extremely limited.

To safeguard continuity of clinical services and mitigate the risks of supply disruption inherent in donor tissue procurement, the Trust has adopted a dual-sourcing strategy,

awarding contracts to more than one accredited provider. This contract is awarded to Miracles In Sight, a provider capable of supplying suitable corneal tissue to the UK market in compliance with all relevant regulatory standards.
