II.2.4) Description of the procurement

GP practices have the option to participate in the network contract directed enhanced service (DES) to provide primary care network (PCN) services to their registered patients. Harris Memorial Surgery have been unable to participate in the DES as they have been unable to join a PCN. The ICB are responsible for commissioning PCN services for patients where GP practices are not participating in the DES.

Without this LIS the Harris population will suffer from inequality of access to PCN services.

This is to confirm contract under Direct Award A - These are not part of a PCN currently and therefore cannot attract PCN funding. To ensure equity of service this is paid to ensure listed patients are offered the same services as those who are listed within a PCN practice.

While this does not fall under PSR direct award A traditionally, this is to show our rationale and transparency to GPs not under PCNs which would be the normal route to receive this funding.
