Description

This tender notice is for the award of a public contract through an open procedure in accordance with section 20(1) and (2)(a) of the Procurement Act 2023.

Ulster University is seeking tender responses for a contract to maintain and repair the fire alarm system in all these premises and this contract is designed to ensure that this duty is fulfilled, and that a fully functioning and operational fire alarm system is in place throughout. It will be the Contractor's duty to carry out all repairs as and when required and meet the compliances.

The Contractor shall provide to the University, routine servicing on each piece of fire alarm system equipment in accordance with the British Standard and the Manufacturer's Maintenance Schedule.

The Contractor shall carry out all repairs necessary as a result of both the planned

maintenance servicing and break downs / call-outs of all equipment forming part of the fire alarm system and as detailed in this contract to maintain a fully functional system at all times on an all-inclusive basis on all campuses (i.e. at no extra cost to the University). Except for vandalism, accidental damage or misuse.

Total value (estimated)

- £1,253,160 including VAT

Above the relevant threshold

Contract dates (estimated)

- 2 February 2026 to 1 February 2030
- Possible extension to 1 February 2034
- 8 years

Description of possible extension:

Following the initial contract period (4 years), there are options to extend up to a further 48 months. Optional extension periods will be subject to review and satisfactory performance assessment by the University.
