Description

The London Borough of Barnet wishes to commission the provision of Internal Audit and Advisory services by establishing a framework agreement under two lots. The Council is seeking multiple service providers (Suppliers) to establish two (2) multiple provider lots under a framework agreement on its behalf for an initial three (3) year period from 1 April 2026 to 31 March 2029 with the option to extend for a further five (5) years to 31 March 2034, subject to budget constraints and performance.

This framework is intended to operate as an open framework. At the end of the initial three-year period (March 2029), the Authority will conduct a review of supplier engagement through the framework. This review will consider both pricing and performance to determine whether the framework should be opened to extension and enable additional supplier entrants. The criteria and trigger for opening the framework will be developed in consultation with the Authority's Legal team and Procurement service.

This will be communicated to all qualified suppliers on the framework in advance of the review and will be subject to release of appropriate Find a Tender Service notice.

Full detail of this requirement including known risk are identified in the tender documents which can be access from <https://londonbarnet.delta-esourcing.com/>
