Scope

Description

With our growth towards Net Zero, SSEN Transmission are looking to award a multi lot geographically split Minor Maintenance Framework contracts to maintain our sites to high standards.

Within the Contracts, we are looking for contractors who will manage – Defect correction and planned maintenance across 180 sites.

What we are looking for:

Local construction companies with the knowledge and expertise to undertake our works within our safety systems.

An example but not exhaustive list of works covered under this framework would be:

- General Building Work
- Roofing works, flat and pitched
- Plumbing & Drainage systems

- General Building Work
- Fencing
- Metal & fabrication works
- Painting & Decoration
- Joinery & Carpentry
- Bricklaying
- Cladding
- Plastering
- Groundworks
- Mechanical & electrical in conjunction with general building works
- Large Doors Overhaul
- Winter maintenance

With an expected total Contact value across all lots and suppliers of up to £5.5 million (approx. £30k per site) this gives the opportunity for small new to SSEN contractors to deliver these essential maintenance works on sites all over Scotland.

The purpose of this market engagement is to gather information from the market at this stage only. This engagement does not constitute a pre-qualification process, a tender, or a guarantee of any future procurement opportunities.

Participation in this process does not imply any commitment by SSEN to enter into agreements, award contracts, or proceed with the delivery of the requirement.

The details provided are not final or binding. They serve as a preliminary guide or general indication. Changes may occur based on market conditions and final requirements.

Suppliers interested in bidding must register interest via email to Kirsty.Cleland@sse.com by 17:00 29th October 2025.
