Tender

Brodsworth Monitoring Borehole

Mining Remediation Authority

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-057401

Procurement identifier (OCID): ocds-h6vhtk-056364 ([view related notices](#))

Published 17 September 2025, 3:02pm

Scope

Description

Background.

The Mining Remediation Authority (MRA) has identified the need to construct a mine water monitoring borehole at Brodsworth, Yorkshire. Brodsworth Main Colliery lies within the Barnsley-Manvers-Grimethorpe sub-block of the South Yorkshire Coalfield, the borehole is to intersect mine workings understood to be flooded with the intention of monitoring mine water levels and chemistry. The borehole is to be drilled into a roadway in the Barnsley Seam and expected to meet the key requirements set out below.

This initiative aims to enhance the understanding of mine water behaviour in the region and to inform future management strategies.

Total value (estimated)

- £500,000 excluding VAT
- £600,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 12 January 2026 to 31 March 2026
