Description

WRAP is seeking a contractor with expertise in the Welsh SME and manufacturing sector to develop a 'Circular Economy Health Check' tool. This tool will assess how manufacturers are engaging with circular economy principles and identify opportunities to reduce waste and environmental impact.

The contractor will design a structured assessment process, create a practical questionnaire or template, and develop a scoring system to benchmark circularity. The tool will help WRAP tailor support and action plans to accelerate manufacturers' transition to circular business models, including servitisation.

Total value (estimated)

- £15,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 13 October 2025 to 7 November 2025
- Possible extension to 5 December 2025
- 1 month, 24 days

Description of possible extension:

Subject to available budget, WRAP may extend the contract to include testing and iteration of the developed Circular Economy Health Check tool. This would involve engaging Welsh focus groups and/or relevant businesses in Wales to trial the tool and refine it based on feedback.
