Scope

Reference

TFW0927.00

Description

Direct award for the end to end rail transport system. TfW have identified the need for a robust, web-based end-to-end management system to support planning, allocation, delivery, payment processing, and performance reporting. The software will also include timetable construction, scheduling, automated documentation provision, mobile companion applications, and vehicle tracking.

-

Other information

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - technical reasons

A direct award is justified due to the absence of competition for technical reasons.

Specifically, the required solution involves proprietary technology that is uniquely available from a single supplier. No other provider can deliver a comparable product or service that meets the technical specifications and operational requirements of the project. This exclusivity is essential to ensure continuity, compatibility, and the successful delivery of outcomes.
