Scope

Description

The work relates to the draft inventory of OMH published in 2013 and not updated since. The scale of the change in the extent of OMH since 2013 was unknown so in 2024 a contract was let to compare the polygons within the draft inventory against the latest available aerial imagery. This confirmed that 25% of the polygons no longer contained OMH and should be removed from the inventory and in another 30% of the polygons OMH was still present but the boundary of the polygon required amendment to account for partial loss from development or vegetation succession.

The work is to use the data from the 2024 contract and remove and amend the polygons from the draft inventory where OMH has been lost to create a more accurate GIS layer.

Total value (estimated)

- £33,333 excluding VAT
- £40,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 20 October 2025 to 27 February 2026
- 4 months, 8 days

Main procurement category

Services

CPV classifications

- 38221000 - Geographic information systems (GIS or equivalent)
- 71351910 - Geology services
- 90713000 - Environmental issues consultancy services

Contract locations

- UK - United Kingdom

Participation

This procurement is reserved for

UK suppliers

Particular suitability

Small and medium-sized enterprises (SME)

Submission

Tender submission deadline

3 October 2025, 11:59pm

Submission address and any special instructions

To apply for this opportunity you must submit your quotation meeting the requirements detailed in the Request for Quotation (RFQ) attached.

Your response must be sent to chris.brough@naturalengland.org.uk by 23:59 midday on 3/10/25

If you have any clarification questions linked to this opportunity or the procurement process please submit these via email to chris.brough@naturalengland.org.uk. Please note that, unless commercially sensitive, both the question and the response will be circulated to all tenderers.

Tenders may be submitted electronically
