The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

Whilst the total value of the procurement is in excess of GBP 4m, the requirement is split into lots and may result in the award of multiple separate contracts of a value below that level. Further, the subject matter of the contracts is unlikely to be suited to mandatory advertising of subcontract opportunities using PCS. All contracts awarded will include clauses relating to prompt payment in the supply chain.

Community benefits are included in this requirement. For more information see:

<https://www.gov.scot/policies/public-sector-procurement/community-benefits-in-procurement/>

A summary of the expected community benefits has been provided as follows:

- Educational Support Initiatives (e.g. creation of apprenticeships or work experience, work with schools, colleges and universities)
- Improving Local Employability (e.g. creation of new jobs, recruitment of long-term unemployed or disadvantaged)
- Delivering Training and Development in the Community (e.g. mentoring or offering support and guidance to local organisations and individuals)
- Sub-contract opportunities for local businesses and SMEs
- Partnership work with local people and other appropriate local agencies
