Description

Wakefield Council is exploring options to commission Personal Care and Wellbeing Support Services at Frickley Mews Extra Care Scheme. The aim is to support individuals to live as independently as possible through the provision of a dedicated, skilled on-site team available 24/7. This team will deliver care and support based on assessed needs, including personal and social care, opportunities for social engagement, and access to the scheme's facilities. Staff will also respond to community alarm alerts raised by tenants.

This market engagement exercise seeks to understand the level of interest from local providers across the district. Feedback will help inform future procurement decisions and shape service delivery models.
