## **Procedure**

### **Procedure type**

Direct award

### **Direct award justification**

- Single supplier - intellectual property or exclusive rights
- Single supplier - technical reasons
- Additional or repeat goods, services or works - further goods, services or works following a competitive procedure

A change of supplier would result in disproportionate technical difficulties in operation or maintenance, and the current legacy agreement ensures that best value is retained. The direct award process is most suitable under permitted justification for 'Additional or repeat good, services or works'. This will ensure that this legacy contract is visible to the Procurement Team whilst maintaining legacy pricing. We are actively working with the service area on reprocurring this solution and another with the same supplier to futureproof the service.
