As part of the PSQ Suppliers will be required to answer the following three technical questions as part of the COP:

- Q1 - Give an example of where your organisation led rehabilitation services for people with multiple disadvantages. Explain how support was tailored to individuals, how outcomes were measured, and how this shows your ability to deliver similar person-centred services to the services to be provided under these contracts.
- Q2 - Can you provide examples of your experience in building and utilising strategic partnerships including third sector organisations, to deliver rehabilitative services.
- Q3 - Can you provide an example of your experience demonstrating how you have created employment opportunities for individuals with lived experience, supported their success, and incorporated their insights to enhance your service delivery model?

More information on the evaluation criteria will be found in the Annexes which will be found in the attachment area of Jaggaer system our e-sourcing platform.

Other information

Payment terms

Subject to the relevant provisions of the Contract, the Funding Partner will pay the Delivery Partner the Charges:

- before the end of the period of thirty (30) days beginning with the day on which an invoice is received by the Funding Partner in respect of the sum; or
 - if later, by the date on which the payment falls due in accordance with the invoice, subject to the invoice being verified by the Funding Partner as valid and undisputed; and
 - in cleared funds using the payment method and details stated in the invoice or in the Award Form.
- A Delivery Partner invoice is only valid if it:
 - includes the minimum required information set out in section 68(9) of the Procurement Act 2023;
 - includes all appropriate references including this Agreement reference number and other details reasonably requested by the Funding Partner; and
 - includes a detailed breakdown of delivered Services and Milestone(s) (if any).

The Delivery Partner will include a clause in all sub-contracts requiring payment of all sums due to Supply Chain Partners within no more than thirty (30) days of receipt of the invoice received from a Supply Chain Partner.

The default requirement will be for the Delivery Partner to use the Funding Partners e-invoicing system.

All invoices will be paid in GBP by electronic transfer of funds to the bank account that the relevant Party has specified on its invoice.

Description of risks to contract performance

In line with Section 74 and Schedule 8 of the Procurement Act 2023, and recognising that this is a light touch contract, the Funding Partner has prepared a list of Known Risks which, at the time of publication, are accurate and relevant. These are available below:

Inflation - High CPI Impacting Contract Viability:

Unexpected increases in the Consumer Price Index (CPI) may significantly raise the cost of delivering contracted services, potentially rendering the contract financially unviable over time. This risk doesn't change the position and mechanism provided in the ITT and contract documentation and this method should be applied when modelling the solution and which may result in a change of scope and/or contract value.

Departmental Reprioritisation:

There is a risk that changes in government policy, ministerial priorities, or funding allocations particularly following a General Election, departmental restructuring, or HM Treasury spending reviews may significantly impact the delivery of probation services. This includes potential shifts in focus between custodial and community-based interventions, changes to the Integrated Offender Management (IOM), or the introduction of new rehabilitation programmes (e.g. through the Reducing Reoffending Delivery Plan), resulting in a change of scope and/or contract value.

Co-commissioning Mid-contract:

There is a strategic risk associated with the need to introduce co-commissioned services during the lifetime of the contract to maximise outcome for service users across multiple public sector organisations. The current commissioning may not be sufficiently flexible to accommodate new or evolving partnership arrangements once the contract is underway, resulting in a change of scope and/or contract value.

Competitive flexible procedure description

Contracts will be competed through a competitive flexible procedure, following a two--stage (optional third-stage) tender process of written tender responses.

Stage 1 - Procurement Specific Questionnaire:

The Procurement Specific Questionnaire (PSQ) is a set of questions that a Supplier must satisfy to be able to go to the next stage of this procurement. These questions will relate to the Supplier's legal and financial capacity as well as their technical ability.

Suppliers will indicate which of the 27 lots they wish to be invited to tender for in this stage.

After outcome letters are issued, Suppliers who passed all of the PSQ stages will be invited to Stage 2.

Stage 2 - Invitation to Tender:

Suppliers who successfully pass Stage 1 PSQ shall be invited to Stage 2 ITT.

For this stage, the procurement process shall compete 27 separate Lots, which will result in a maximum total of 27 separate Contracts. The Lots shall be competed in two separate competition waves as outlined in the procurement description.

The tender documents shall contain quality questions, and a financial response template along with a draft contract, and associated schedules which require a written tender response for each Lot respectively.

Stage 3 - Preferred Supplier Stage: OPTIONAL STAGE ONLY.

Once all Suppliers have been notified of the intention to award for each respective Lot, the

Funding Partner will determine whether a further stage, known as the Preferred Supplier Stage, will be enacted. This stage is not mandatory and may be enacted at the discretion of the Funding Partner. If enacted, the Preferred Supplier Stage will cover the following:

Contract Finalisation - ensure all contractual provisions are clearly understood and agreed in line with the terms set out in the procurement process.

Mobilisation Planning - agree key activities, responsibilities and timelines ahead of commencement of the contract.

Mitigating Reservations - the purpose of these discussions is to reduce, mitigate or remove the risk caused by reservations that may arise during the contract term. It is not permitted as part of these discussions to alter the bid in a material way that would have changed the result of the tender process.

Contract Management Setup - Establishing governance, reporting requirements, data requirements, responsibilities and timelines for regular contract management activity.

Documents

Documents to be provided after the tender notice

The Funding Partner will be using its e-sourcing Portal known as Jaggaer to release all documents and communicate to the market.

Registration: The e-sourcing Portal is an online application that allows all Suppliers to create and submit their responses to any PSQ and Tenders via the internet.

Supplier's instructions to express an interest in this Tender:

1) Login to the Portal at:

<https://ministryofjusticecommercial.bravosolution.co.uk/web/login.html> with username and password;

2) Click the PQQs/ITTs Open to All Suppliers' link. (These are Pre-Qualification Questionnaires or Invitations to Tender open to any registered supplier);

- 3) Click on the relevant PSQ/ITT to access the content using the following: PSQ Code - PQQ_531 Project Code - prj_14564;
- 4) Click the "Express Interest" button at the top of the page. This will move the PSQ/ITT into your "My PQQs/My ITTs" page. (This is a secure area reserved for your projects only);
- 5) You can now access any attachments by clicking "Supplier Attachments" in the "PQQ details" box instructions on how to submit a Tender will be provided;
- 6) If you experience any technical problems, please e-mail esourcing@Justice.gov.uk;
- 7) In the event of system issues please contact the Jaggaer Helpdesk via telephone 0845 0100 132.
