Description

***** THIS IS A CONTRACT DETAILS NOTICE, NOT A CALL FOR COMPETITION *****

This procurement is being concluded following a limited competition procurement exercise.

Brief Description of Requirement

INVENIO-S Fourier Transform Infrared Spectrometer represents the best value among three independently sourced quotations. It ensures continuity with existing software systems, minimizing training requirements and reducing operational costs. Designed for high sensitivity, the Invenio addresses the demanding analytical challenges faced by RAL Space. Its acquisition will support the development of critical measurement systems

essential for aerospace contamination control and investigative processes.
