LSL/MED/0219 - The Supply of Future Maritime Operating Tables

LEIDOS SUPPLY, LIMITED

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-060653

Procurement identifier (OCID): ocds-h6vhtk-05a461

Published 29 September 2025, 4:29pm

Scope

Reference

LSL/MED/0219

Description

In April 2015, the MOD signed a thirteen-year contract with Leidos Europe Ltd to provide the procurement and inventory management of commodity items (as well as the storage and distribution services) historically provided in-house by the Logistic Commodities and Services Operating Centre.

Leidos, working with the MOD, will transform the way these services are delivered to ensure requirements continue to be met whilst providing best value for money for the department. The organisation delivering these services is known as Team Leidos.

Team Leidos would like to make markets aware that we are investigating innovative approaches to fill our requirement for the supply of operating tables for use in the maritime environment. The proposed solution(s) must be suitable for conducting damage control

surgery and capable of horizontal tabletop rotation. The solution and associated accessories should be capable of achieving all standard operating positions and suitable for use with imaging equipment.

Both manual and electric solutions will be considered.

The aim of this Preliminary Market Engagement Notice (PMEN) is to encourage companies, suppliers, or manufacturers to make us aware and provide as much information as they are comfortable with, to help decide the future strategy for the range.

Team Leidos wishes to generate interest, information and views with other companies to understand the current market innovation and gain useful intelligence that can help our requirement.
