This proposed placement is being made under lot CS4 of the framework agreement as a potential call-off contract.

The proposed call off requirement was considered with the basic selection and key criterion as detailed below. The placement holds 3 Q's where quality is concerned, the patient is familiar and happy with area of placement able to meet identified needs Close to care team who are familiar with complex needs promote family contact, the placement close to current care team as well as family and within an area the patient has agreed to and is familiar with, The local area can promote social inclusion to meet needs and promote family contact.
