Description

Located on the Harwell Science and Innovation Campus in Oxfordshire, Diamond Light Source (DLS) is a leading-edge facility for science, engineering and innovation. Diamond allows researchers from academia and industry to investigate the structure and behaviour of the world around us at the atomic and molecular level.

To continue delivering the world-changing science that Diamond enables, the facility is being upgraded to Diamond-II, a co-ordinated programme of development that combines

a major machine upgrade with new instruments and complementary improvements to optics, detectors, sample environment and delivery capabilities, and computing, as well as integrated and correlative methods. This will be transformative in speed and spatial resolution and will offer users streamlined access to enhanced instruments for life and physical sciences.

The scope of the contract is to manufacture a number of Production Secondary Photon and Beam Port Absorber assemblies as defined in the specification, which will be required for the assembly of the Diamond-II Storage Ring. This will require several development activities, such as design, trials, manufacture, welding, brazing, inspection, testing and delivery to Diamond Light Source. Installation at DLS is not included.

The total number of assemblies required are as follows: (including the First Articles):

- 6 off - LM Photon Leg Absorber Assy.
- 20 off - SM Photon Leg Absorber Assy.
- 12 off - BPA Assembly

Contract 1. 9002503 - Supply of Group E2 Girder Vacuum Vessel Secondary Photon and Beam Port Absorber Assemblies

Supplier

- Revol TT Consulting, s.r.o.

Contract value

- £380,784 excluding VAT
- £456,940.80 including VAT

Above the relevant threshold

Date signed

26 September 2025

Contract dates

- 26 September 2025 to 14 December 2026
- 1 year, 2 months, 19 days

Main procurement category

Goods

CPV classifications

- 44615000 - Pressure vessels

Contract locations

- UKJ14 - Oxfordshire

Justification for not setting key performance indicators

Contract value is below £5 million.
