Scope

Reference

CEFAS25-25

Description

The BEEMS (British EDF Estuarine and Marine Studies) programme is funded by NNB Generation Company (HPC) Limited. Through this programme, Cefas provide authoritative scientific information on the marine and transitional waters in the vicinity of potential new build nuclear power stations.

Cefas require a supplier to conduct intertidal Remotely Piloted Aircraft (RPA) flights, in accordance with the Civil Aviation Authority (CAA) guidelines, to monitor potential coastal change and intertidal algal coverage for the Hinkley Point C (HPC) Nuclear New Build project to meet regulatory environmental monitoring requirements.

RPA flights and photography are required: (1) along the Hinkley Point foreshore, and; (2) at Comwich Wharf and the surrounding banks of the River Parrett. Flight/survey design and equipment specification must be sufficient for Cefas to create orthophotos (OPs) and Digital Surface Models (DSMs) with a Ground Sampling Distance ((GSD), i.e. resolution) of 3cm/pixel or better (exceptions are detailed in full Specification).

Cefas requires that the Supplier's flight team assumes full responsibility for the comprehensive management of all aspects of each survey. This includes, but is not limited to, planning (including securing all necessary access), issuing survey notifications in advance of each flight, liaising with NNB regarding other flight operators and ensuring the safe and successful execution of every survey with delivery of data as detailed in the Specification.

The initial Contract period will be to 31 December 2026, with the option to extend by an additional 3 x 12-month periods, to be awarded annually, subject to funding, up to maximum end date of 31 December 2029.

Contract 2. CEFAS25-25 Contract for Remotely Piloted Aircraft (RPA) surveys at Hinkley Point

Supplier

- [Marine Science Support Ltd](#)

Contract value

- £500,000 excluding VAT
- £600,000 including VAT

Above the relevant threshold

Date signed

17 September 2025

Contract dates

- 18 September 2025 to 31 December 2026
- Possible extension to 31 December 2029
- 4 years, 3 months, 13 days

Description of possible extension:

3 x 12 month extensions
