Description

Buckinghamshire New University ("University") has been working with Circuit Laundrette Services Ltd and this has been based on an income share concession arrangement. The latest contract is expiring on 30th September 2025 therefore a new contract is required. This renewal presents an opportunity to enhance service delivery and infrastructure while maintaining continuity for both staff and residents. The University will now offer eligible service user students a number of free washes and dry services per term, (payable by the University), so this will no longer be a concession contract.

This new service contract will include the supply, installation and maintenance of all laundry equipment including the operation of payment facilities. The renewal will ensure continuity of services for the students including a commitment by the Supplier to replace all the washing and drying machines with brand new equipment and the refurbishment of the laundry rooms on all sites.

Contract 1. Supply, Install and Maintenance of Laundry Equipment

Supplier

- CIRCUIT LAUNDERETTE SERVICES LTD.

Contract value

- £333,333 excluding VAT
- £400,000 including VAT

Above the relevant threshold

Date signed

23 September 2025

Contract dates

- 1 October 2025 to 30 September 2030
- Possible extension to 30 September 2035
- 10 years

Description of possible extension:

The Supplier shall supply, install and maintain the equipment for a period of 5 years from 01/10/2025 and thereafter for consecutive periods of 5 years until terminated in accordance with the provisions of clause 8 Termination.

Main procurement category

Services

Options

The right to additional purchases while the contract is valid.

If we take on new accommodation sites throughout the lifetime of the contract, the Supplier will provide the same equipment, service and payment systems ensuring consistency of service to all students.

CPV classifications

- 42716000 - Laundry washing, dry-cleaning and drying machines
- 51543400 - Installation services of laundry washing, dry-cleaning and drying machines
- 98311100 - Laundry-management services

Contract locations

- UKJ - South East (England)

Justification for not setting key performance indicators

The Supplier has a proven track record and there are provision clauses in the Contract if service isn't delivered.

Other information

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Additional or repeat goods, services or works - extension or partial replacement

The award of the contract is permitted in accordance with Section 41 and Paragraph 7 of Schedule 5 to the Procurement Act 2023 on the basis that:

a) Additional or repeat services;

The public contract concerns the supply of services by the existing supplier which are intended as an extension to, or partial replacement of, existing services in circumstances where-

(a) a change in supplier would result in the contracting authority receiving services that are different from, or incompatible with, the existing services, and

(b) the difference or incompatibility would result in disproportionate technical difficulties in operation or maintenance.

Of particular note:

The Supplier has previously provided the same services to the University and has a high degree of institutional and location knowledge, as well as good working relationships with

internal stakeholders. This decision is based on the grounds of technical and economic impracticality of switching suppliers within the required timeframe and the absence of a suitable

competitive alternative that delivers equivalent value for money and continuity.

This renewal will ensure continuity of services to students with the Supplier's proven support channels and includes the replacement of all washer and dryer equipment with brand new machines which will significantly improve the student experience.

These upgrades are expected to reduce maintenance issues, improve energy efficiency, and modernise the overall look and functionality of the facilities.

The value is approximate and has included a provision for any potential new accommodation sites the University may procure. It also isn't known exactly how many students will take up the offer of the free washes per term therefore an approximate

contract spend has been provided.
