Notice identifier: 2025/S 000-061195

Procurement identifier (OCID): ocds-h6vhtk-05a18c

Published 1 October 2025, 10:35am

Changes to notice

This notice has been edited. The [previous version](#) is still available.

Please be advised the email address in which suppliers are to register their interest and request an RFI pack has now changed. Also the deadline date has changed to the 13th October 2025.

Scope

Description

Since 2019, there have been significant changes in the technological landscape and to the priorities of the DfT. At the DfT, we are looking to procure a Supplier Risk Monitoring system that supports new and more efficient ways of working and further supports Supplier Monitoring between the DfT and stakeholders. The system will be managed centrally by a Systems Team with the ability to report centrally or by organisation level when required.

As a minimum, the Supplier Risk Management System should be compliant with requirements as laid out within The Procurement Act 2023 with functions to support monitoring of supplier performance, risk, and compliance.

Contract dates (estimated)

- 30 November 2025 to 30 November 2026
- 1 year, 1 day

Main procurement category

Services

CPV classifications

- 98111000 - Services furnished by business organisations

Engagement

Engagement deadline

13 October 2025

Engagement process description

The DfT are looking for potential suppliers to provide details on their system via a Request for Information. The information gathered will inform the future route to market and final specification for the requirement. Based on the information received further market engagement activities may take place.

Please email DDaT.CRM@dft.gov.uk FAO: Alexander Ludlam to request a copy of the RFI pack for this requirement.
