TRGP3060

Description

The Department for Transport (the Authority) is seeking to appoint a Delivery Agent to provide it with strategic advice, project control and transactional delivery for the disposal of residential, agricultural and commercial properties (the 'Portfolio').

The Portfolio comprises land and properties on the former HS2 Phase 2 (Birmingham to Manchester, West Midlands to Leeds) that were acquired in connection with the routes construction. This disposal programme will start with the former Phase 2b Eastern (West Midlands to Leeds). Phase 2 of High Speed 2 (HS2) was cancelled by the previous government in October 2023.

This commission will require close collaboration between the Supplier and the Authority, HS2 Ltd, other advisors and other stakeholders to ensure effective delivery of the Authority's Objectives and Policy Considerations.

The commission will comprise three key workstreams: delivery and disposal strategy; project control and reporting; and execution of a comprehensive marketing and transaction agency service.

The complete ITT pack including a detailed scope of requirements is accessible via DfT's Procurement platform.

To register interest, there are two steps:

1. To enrol an account on DfT's Jaggaer platform (if your organisation does not already have one), please navigate to: <https://dft.app.jaggaer.com/web/login.html>

Once registered, please access this specific event by selecting:

Procedure type

Open procedure

Justification for not publishing a preliminary market engagement notice

Decision Not to Publish a Preliminary Market Engagement Notice - The team has conducted prior research and has a strong understanding of the supplier landscape, market capabilities, and pricing structures. Additional engagement is unlikely to yield new insights. In addition, the services being procured are standard and well-defined, with limited scope for innovation or variation. As such, market input is not deemed necessary to refine the specification.
