Description

TfGM is looking to establish a contract for the completion of option selection reports (PACE ES3/OSR), completion of outline design (ES4 Form A) and completion of detailed design (ES5 Form B) - "Stage One" and further, construction (ES6-8) - "Stage Two" of rail station enhancement projects.

These stations will be funded under the Department for Transport's (DfT) and "City Region Sustainable Transport Settlements (CRSTS)". The project involves upto four Access for All solutions for stations within Greater Manchester: Broadbottom, Hall 'ith Wood, Hattersley and Moorside (called Tranche 5).

The AfA Projects at Hall'ith Wood, Broadbottom, Moorside and Hattersley comprise of a combination of new lifts, footbridges and ramp improvements

Hall 'ith Wood:

- 2 new lifts up to and connections to the existing platforms
- Upgraded power supply

Broadbottom:

- 2 no. lifts and new footbridge/staircases to platform
- Upgraded power supply

Moorside:

- Single lift and link structure to the existing station building
- Remodeling of the existing ticket office and possible repairs to a fire damaged section of the roof.
- Upgraded power supply

Hattersley:

- 1 new lift to platform with new footbridge and stairs to platform level
- Removal of existing footbridge and modification works to the station building
- Development of a link bridge to the Godley Green Housing development in conjunction with Tameside Council (Developer funded)
- Upgraded power supply
