- 42521000 - Smoke-extraction equipment

Engagement

Engagement deadline

17 October 2025

Engagement process description

The purpose of this Preliminary Market Engagement Notice (PME) and related Request for

Information (RFI) is to invite potential Service Providers to express an interest and provide information to assist with the procurement and development of a specification for Smoke

Ventilation Maintenance Services at Ulster University.

The procurement route, duration and type of contract(s) shall be determined following this preliminary market consultation and engagement with market participants. It is this which will inform the University's strategy for this contract.

It is important to note that this PME/RFI is not a call for competition, a pre-qualification questionnaire, part of any pre-qualification/selection process or a current tender opportunity.

Potential providers will need to express an interest in any future tender opportunity once a Tender Notice is published. This RFI is intended as an awareness, communication, and information gathering exercise. An expression of interest is no indication of a commitment to participate in the RFI process, nor does it infer any preferential or special status on those individuals and organisations who express an interest in the RFI exercise.

The RFI Questionnaire can be accessed by registering with eTendersNI

(www.etendersni.gov.uk) and searching for the relevant CfT_6178499.
