The ESO provides a consistent service framework for Birmingham and Solihull (BSol) Practices to work both independently and collaboratively and at scale, in order to deliver practice specific improvements and outcomes. The ESO will support practices contribution to the delivery of local and national policy and strategic objectives i.e. Access/Digital Access, Continuity, Public Health Management (PHM) and Health Inequalities (HI), and Collaboration. Some ESO requirements will support practice actions and other areas will involve shared planning and work at Primary Care Network (PCN) or locality level to benefit from at scale development. BSol's GP Provider Support Unit (PSU) will be supporting practices, Primary Care Networks (PCNs) and the six localities to work as effective networks-of-networks where leadership, common solutions and development work can be shared at a greater scale than is possible in a PCN.

An award has been made following direct award process A;

the contract provides for the services to be provided between 1st September 2025 and 31st March 2026.

With an option to extend upto a further 12 months at the sole discretion of commissioner.

II.2.5) Award criteria
