Description

In April 2015, the MOD signed a thirteen year contract with Leidos Europe Ltd to provide the procurement and inventory management of commodity items (as well as the storage and distribution services), that were historically provided in-house by the Logistic Commodities and Services Operating Centre.

Leidos, working with the MOD, will transform the way these services are delivered to ensure requirements continue to be met whilst providing best value for money for the department. The organisation delivering these services is known as Team Leidos.

Team Leidos wishes to generate interest, information and views with other companies to understand the current market innovation and gain useful intelligence that can help our requirement.

The General Supplies Team, which forms part of Leidos Supply Ltd. is considering the potential requirement for the supply of Common Captured Persons Handling Kit on behalf of the UK MoD.

The total estimated value for this Framework Agreement will be between £360,000 and £900,000 with a total length of 4 Years.

In addition, please note that as a framework agreement there is no guarantee of business.
