Description

. The purpose of this project is for the supply of Low Complexity Molecular Tests for the Start 4 All Projects across the following countries, Bangladesh, Cameroon, Kenya, Nigeria and Vietnam. Delivery is required to the designated named airport in each specified country, with bidders requested to provide delivery terms under both Incoterms DAP (Delivered at Place) and CIP (Carriage and Insurance Paid To). The project is divided into two lots: Lot 1 (A-E) covering NPOC-NAATs and Lot 2 (A-E) covering LC-aNAATs. Bidders may submit proposals for all lots or any combination of lots, with each lot separated by test and by country, and are required to propose suitable tests and platforms for each named country.
