### Scope

## **Description**

The purpose of this Procurement Exercise is for:

An energy dispersive X-ray fluorescence spectrometer for reliable non-contact and non-destructive elemental analysis and mapping of heritage materials, with warranty as detailed in Section 3. The system should also function as a hand-held instrument and possess robust imaging capabilities, enabling comprehensive analysis and precise examination of materials.

The product(s) must come with user friendly software for measurement and data analysis (including all required licences, for up to 5 users) to control the system, to produce and manipulate images, and to analyse the data.

The Appointed Supplier must also:

- deliver, set up, calibrate and test the system and software;
- provide training to TNA staff in the use of the MA-XRF system and software within 2 months of delivery; and

- provide technical and/or remote support to TNA staff in the use of the MA-XRF and software for at least 5 years after delivery.
- provide software upgrades for at least 3 years after purchase.
