C29989

Description

This contract covers the delivery of DgP - Removal manure main site dung clamps to Rectory ASU. Loading transportation of manure from Weybridge main site dung glamps for Rectory ASU.

This is where hay is currently being grown. The field is low in nitrogen, and the application of manure is essential to improve soil fertility and increase hay yield. Without this intervention, the site would face reduced hay production and incur additional costs to purchase hay externally Supply of tractors, trailers and drivers.
