### Description

South Yorkshire Mayoral Combined Authority (SYMCA) is undertaking a major digital development project aimed at enhancing user experience, improving accessibility, and supporting strategic objectives. This initiative involves the consolidation and redevelopment of SYMCA's primary websites to create a more streamlined, efficient, and user-focused digital estate.

To deliver this work, SYMCA is seeking to partner with an experienced supplier with proven expertise in .NET-based content management systems. The appointed supplier will be expected to recommend a suitable CMS solution and develop two websites based on outputs from a comprehensive discovery phase. These outputs will guide the project to ensure the final products meet the needs of all users effectively and sustainably.

Additional website development may be required in the future, this work could include the incorporation of further websites into the main SYMCA website, or the development of

additional websites as part of multisite setup.
