Long Eaton

Country

United Kingdom

NUTS code

- UKF1 - Derbyshire and Nottinghamshire

Companies House

10028230

The contractor/concessionaire is an SME

Yes

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The contract has been modified to include service provision at the DMU London campus.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The contract is being modified to include provision of Security at the DMU London campus. The provision did not meet the same standards as the DMU Leicester provision which were commissioned following a robust and compliant Open procurement process. There was only one supplier at that time that successfully met all of the criteria.

There was insufficient time to undertake an equally robust process for the newly recognised requirement and the duplication of costs would have arisen from an additional tender process in addition to further processing and training costs. Cost of contract management of a poorly performing supplier have also been avoided. Information sharing with another party also potentially increases risk and cost.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £750,000

Total contract value after the modifications

Value excluding VAT: £871,489
