### **Scope**

### **Reference**

MW/UOP/Nutritional\_Supplements/109/25

### **Description**

The University of Plymouth is leading the REFRESH trial to compare the effectiveness of oral nutritional supplements (ONS) and of food fortification with routine care. We are looking to procure ONS to supply to the care homes assigned. • We wish to procure the following three oral nutritional supplements or equivalent: o Ensure Compact (Abbott Nutrition) o Fortisip Compact (Nutricia) o Altraplen Compact (Nualtra) • These will need to be supplied and delivered to up to 30 care homes distributed throughout Hampshire, Dorset, Devon and the West Midlands participating in a research trial. • Care homes will be given the option to use one of the three brands so a delivery to any given home will only be one brand, but should include all available flavours, or the flavours specified in the order.
