Description

The Finance Transformation Team have identified the need for a Transition Manager that will be responsible for overseeing and managing the testing, F&O, and cutover activities across the D365 Rail project. This includes coordinating all transition phases to ensure a smooth handover from project delivery to operational use. The role will also support training activities, working closely with stakeholders to facilitate knowledge transfer and ensure users are fully prepared for the new system, all of the above needs were combined to meet the specific needs of a Dynamics 365 Finance & Operations implementation.
