Tender

250166 Contract for the Supply, Delivery (unloaded and positioned at the point of use), Installation, Commissioning and Maintenance of a Gravimetric Sorption Analyzer

Queen's University Belfast

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-064111

Procurement identifier (OCID): ocds-h6vhtk-05abdf ([view related notices](#))

Published 10 October 2025, 11:50am

Scope

Reference

250166

Description

The acquisition of a gravimetric microbalance for accurate measurement of gas uptake, sorption kinetics and thermodynamic sorption profile of a wide variety of materials, both solids and liquids

Total value (estimated)

- £400,000 excluding VAT

- £479,999 including VAT

Above the relevant threshold

Contract dates (estimated)

- 8 December 2025 to 8 December 2030
- Possible extension to 8 December 2035
- 10 years, 1 day

Description of possible extension:

One-off purchase with 60 months warranty, including maintenance and any associated consumables or ancillary items, with options to extend for a further 60 months or until the end of the equipment's useable life.

Main procurement category

Goods

CPV classifications

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

Contract locations

- UKN06 - Belfast

Submission

Enquiry deadline

3 November 2025, 4:00pm

Tender submission deadline

6 November 2025, 4:00pm

Submission address and any special instructions

3. Qualitative Requirements 10%
4. Sustainable Procurement – 5%
5. Price 70%

Other information

Payment terms

30 days after delivery on receipt of a valid and undisputed invoice.

Description of risks to contract performance

QUB recognises that certain risks associated with the procurement and operation of a Gravimetric Sorption Analyzer are not fully quantifiable at the time of tender. These 'known unknowns' include, but are not limited to, technology evolution, integration challenges, supply chain disruptions, and software lifecycle changes, increased value or scope due to demand requirements. Suppliers are expected to identify any foreseeable

risks, propose mitigation strategies, and demonstrate flexibility in addressing emerging issues throughout the contract lifecycle.

Whilst it is not possible at this stage to fully anticipate the nature or extent of future developments or integration requirements, nor to determine their potential impact on contract performance, QUB recognises that such changes may arise over the course of the contract. Accordingly, it is acknowledged that these circumstances may necessitate a modification of the contract to appropriately address and accommodate any emerging risks or requirements.

Conflicts assessment prepared/revised

Yes
