Other information

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - technical reasons

The Softrak 140's extremely low ground pressure makes it the only choice for working sensitively on Broad's habitats. No other manufacturer in Europe supplies this type of vehicle or cutting specification. The Softrak has been specially designed to spread the weight of the equipment over a larger area using wide low impact rubber tracks and has been a proven design in the Broad's environment.
