Description

City of York Council (CYC) is seeking market information from suppliers who can provide systems to support our exploration of an AI transcription tool within our Children's Services. We are exploring the market to identify potential suppliers. We're seeking technology solutions that enhance usability and streamline processes, particularly for those colleagues that are currently burdened by an administrative workload. Responses from suppliers who may not currently provide specific functionality, but could deliver such features within our required timeframe, are welcome.

If the deadline is missed, please contact the Procurement team for details.
