### **Scope**

### **Reference**

CPG-12557-2025

### **Description**

The British High Commission (BHC) in New Delhi requires a Maintenance Contract (MC) for the lifts Installed in office building and on compound expat residences. Maintenance Programme should be in line with OEM and asset management requirements to ensure duty of care for staff and visitors when utilising these lifts. The contract duration for the said services shall be for five years. The current maintenance contract with OTIS is ending 31 October 2025.

The maintenance programme will include monthly testing and maintenance of eight (8) lifts, supply of equipment/spare parts and unlimited number of remedial visits. The Contractor will be required to send a maintenance team once a month to undertake planned preventive maintenance in line with an agreed schedule. It is expected that all

Services offered under this contract will be in accordance with the OTIS Elevator/ Manufacturer's Standard service instruction/ practices.

- Voluntary, community and social enterprises (VCSE)

---

## **Other information**

### **Conflicts assessment prepared/revised**

Yes

## **Procedure**

### **Procedure type**

Direct award

### **Direct award justification**

Switching to direct award

New Delhi Procurement Hub conducted competitive tender exercise in both 2018 and 2022. In 2018 via an email RFQ process, only a single bid from OTIS was received. In 2022, via Jaggaer, no bids were received, resulting in an SSJ. OTIS is the OEM and do not have any authorised service companies in country for maintenance. Previous 2 open procurements have evidenced that there are no other viable options available in the local market. There have been no changes in the market scenario (no new entrants) to suggest any change even now. In absence of any viable alternative, we only have the option of issuing a direct award.

The Procurement Act supports a direct award in such circumstances:

As per PA 23 Schedule 5 Paragraph 5:

The following conditions are met in relation to the public contract—

- (a) due to a particular supplier having intellectual property rights or other exclusive rights, only that supplier can supply the goods, services or works required, and
- (b) there are no reasonable alternatives to those goods, services or works.

As per PA 23 Schedule 5 Paragraph 6:

- (a) due to an absence of competition for technical reasons, only a particular supplier can supply the goods, services or works required, and
- (b) there are no reasonable alternatives to those goods, services or works.

As OTIS is the sole authorised maintenance provider in country for its lifts and there are

no reasonable alternatives that would ensure licenced parts and maintenance is performed on the lifts, and also due to an absence of competition for technical reasons, only a particular supplier can supply the goods, services or works required, and there are no reasonable alternatives to those goods, services or works.

Based on all the above-mentioned points this business case is recommending a direct award under PA 23 5.5. and 5.6.
