Description

Contract for the supply and delivery of equine forage, including hay, haylage and spring barley straw. Delivery to the GMP Mounted Unit located at Hough End.

The main product supplied under this contract will be hay, which must be supplied from known fields in small rectangular bales. Bales should be consistent in type and condition and be meadow and timothy hay, suitable for feeding horses in slow work. Hay should be free from mould, dust, poor quality grasses and plants poisonous to horses including ragwort.

No volumes or values are guaranteed, but an estimated number of bales of hay per year is 4000.
