Description

Dartmoor National Park Authority is seeking a supplier to design, develop, host, and support a new website that better serves its diverse audiences. The current site is outdated, lacks mobile responsiveness, and falls short of accessibility and SEO standards. The new website will improve user experience, streamline content management, and support the Authority's statutory functions, including planning applications and public engagement. Key deliverables include a user-friendly content management system, secure UK-based hosting, and enhanced functionality such as interactive maps, event booking, and e-commerce. The project also includes content migration, SEO strategy, and accessibility compliance (WCAG 2.2 AA). A decision will be made regarding integration of the Dartmoor Partnership Plan site.
