Reference

DN773128

Description

A survey of the harbour walls which are in the Authority's ownership was commissioned in March 2014 to ascertain the condition of the walls and the level of works required to ensure that they are safe and fit for purpose. The first phase of works was completed in late 2019/early 2020. The Authority has now allocated further capital funding to undertake the second phase of repairs to the walls and harbour infrastructure; the sections requiring attention are detailed on the plans in the tender appendices.
