Scope

Description

Cheshire West and Chester Council invites Technology Enabled Care (TEC) and technology providers to a collaborative workshop focused on shaping the future of TEC services across the borough.

The session will begin with a welcome and introduction, followed by interactive workshops where we'll explore how TEC can be delivered in partnership with the local authority to meet the evolving needs of our communities. This is a valuable opportunity to share ideas, discuss challenges, and co-design a person-centred, innovative TEC offer for Cheshire West and Chester.

We are interested in meeting with technology enabled care providers, along with companies who provide innovative ICT/ technology solutions to help us explore a new offer for Cheshire West and Chester.
