Contract

Environmental capacity planning sub-project

Environment Agency

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-065149

Procurement identifier (OCID): ocds-h6vhtk-05cc38

Published 14 October 2025, 12:36pm

Scope

Description

Low carbon technologies pose new risks to the environment, particularly emerging technologies such as carbon capture, and hydrogen production. To gain an understanding of these risks, the Climate Change Team in E&B have been leading work on the environmental capacity in the regions where Net Zero industrial clusters are located. The sub project considers options for strategic spatial planning for industrial clusters.
