Award

## Online Proctoring

University of Bradford

UK6: Contract award notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-065308

Procurement identifier (OCID): ocds-h6vhtk-05cc94

Published 14 October 2025, 4:05pm

## Scope

## Reference

1119-ENG-Q25

## Description

The Online Proctoring must support secure, reliable, and scalable delivery of high-stakes English language assessments in an online environment.

It should ensure academic integrity through advanced monitoring features such as lockdown browsers, video/audio/screen recording, candidate ID verification, and environmental checks (e.g., room scans and background noise detection). The system must be capable of functioning in diverse global contexts, including China, and remain operational during intermittent internet connectivity. Integration with university platforms (e.g., Canvas, SiTS) and adherence to GDPR and accessibility standards are essential.

The proctoring model should prioritize candidate privacy, avoid live proctor access to assessments, and ensure all review and decision-making processes are conducted by University of Bradford staff.
