This proposed placement is being made under lot CS7 of the framework agreement as a potential call-off contract.

under which Framework Lot the Patient's care requirement falls and (ii) the number of observations hours required to meet the patients' needs by enhanced packages of care / additional services.

This was assessed under the following key criterion as stated in PSR Wales Regulations 2025 and aligned within the Framework;

They have 3Q's on the framework, the placement identifies as meeting all the service users needs. The placement also has qualified nurses which MDT have identified as required upon discharge. Beds are available and the placement is near home and the clinical team. The local area can promote social inclusion.

The length of the placement is based on patient need and therefore, is undetermined at present. The supplier is a current provider on the framework and this notice refers to a new placement.
