## **Scope**

### **Description**

Design, manufacture, supply, install, and commission of 1 x full cab train driver simulator, and 6 x desktop/lite simulators including a warranty, maintenance & support service.

Chiltern Railways requires the provision of one (1) single full cab train driver simulator to support driver training, route familiarisation, operational competency assessments, and degraded / emergency scenario handling. The simulator must replicate the operational characteristics of Chiltern's Class 168 train and the associated Chiltern route network and signalling systems. The simulator will have a full trainers desk to interface and control the simulator. The simulator will be located at the training school in Banbury.

Chiltern Railways require 6 x desktop/lite simulators. The simulators must replicate the operational characteristics of Chiltern's Class 168 train and the associated Chiltern route network and signalling systems. The 6 desktops simulators will be located at driver depot locations and primarily used to undertake ongoing competency assessments and continuous professional development training. The locations are:
