Scope

Reference

P-3326

Description

Translink seeks to appoint a single supplier framework to support the supply of Body Worn cameras accessories and associated cloud evidence management system.

We require devices that are suitably robust and fit for purpose in an operational environment. In addition, device must be simple to use (click and play) and meet the detailed requirements listed below. Any footage captured must be of suitable quality to assist with internal incident investigations and to meet evidential thresholds as required by the PSNI and civil/criminal courts.

The chosen supplier will also be required to provide an associated cloud-based evidence management system capable of fulfilling business requirements with respect to device issue, footage upload, footage/incident review and secure onward sharing of incidents.
